My Big Green Teacher series of books are a delightful collection for any child's library. Mrs. Knoodle, pronounced Ka-noodle, is the big, green, teacher. She comes from a magical land where everyone is "green." This makes her an expert on conservation and ecology. The people who live there are truly green. They live in big, green, houses and eat all things green. They are a remarkable people with special magical abilities. This is the story about one such person, Mrs. Knoodle. She teaches elementary school children and her students love their big, green, teacher. In each class (book), Mrs. Knoodle wears her magic, red skirt and she uses its quaint abilities to assist her in teaching. Discover in each book how Mrs. Knoodle surprises the class with it's magic. It's a fun time for all.

Mrs. Knoodle's students are Alfonso, Ferdie, LeLe, George, Sabrina and Shabbir. The class learns simple yet valuable information from a six book series that focuses on topics like recycling and conservation. Each classmate takes a turn guiding the reader through each book. Collect all six books and get to know all the kids one book at a time.

Alongside Mrs. Knoodle are three special friends. They help Mrs. Knoodle teach each class (book). There's Little Bug. He's likes to fly around and answer or ask questions during the class. He thinks he's "teacher's pet." Then, there's Anton. He's an unusual ant. He comes from a long line of highly educated insects. He has a funny accent and an over active imagination. He helps Mrs. Knoodle with information about a variety of topics and is always quick to offer his extensive knowledge to the class. Finally, there's Pedro the Parrot. He's a very odd bird. He doesn't like to fly but loves to talk a lot. That never stopped him from getting high marks for popularity. He teaches the students a little Spanish too! He's charming and funny.

We hope you enjoy My Big Green Teacher. You'll have a wonderful and magical journey learning how to be "green" from each special book.

Remember! It's easy being green!

My Big Green Teacher Series

My Big Green Teacher: Recycling (It's Easy Being Green)

WRITTEN & ILLUSTRATED BY MICHELLE GLENNON

This book focuses on ways children can help recycle around the school and home. Children will giggle as they get to know Mrs. Knoodle, her magic red skirt and all the kids in her class. Little Bug joins in to help assist Mrs. Knoodle. He's the "teacher's pet" — even though he's just a bug. Like the other books in the series, get to know Mrs. Knoodle, her class and the little friends more and more. Includes the recycling pledge, fun activities and a special recycling song everyone can sing and dance to. This book is exceptional for introducing recycling in a simple and entertaining way.

My Big Green Teacher: Recycling (It's Easy Being Green)
ISBN: 978-0-9796625-6-0
Middle Reader/Picture Book
Format: Casebound
Ages: 5-9; Size: 8.25x10.75
Retail: \$19.95; Pages 36

My Big Green Teacher: Saving Our Rainforests (Take A Deep Breath)

WRITTEN & ILLUSTRATED BY MICHELLE GLENNON

This book teaches children how fascinating as well as fragile our rainforests are. Mrs. Knoodle and her class go on a magical trip to the Amazon Rainforest. Along for the ride is Little Bug and Pedro the Parrot. There, they learn about the rainforests and deforestation. Back in the classroom, they all grow saplings and plant them in the schoolyard. Like the other books in the series, get to know Mrs. Knoodle, her class and the little friends more and more. Includes the recycling pledge, fun activities and a special rainforest song. This book is exceptional for introducing rainforest conservation in a simple and entertaining way.

My Big Green Teacher: Saving Our Rainforests (Take A Deep Breath)
ISBN: 978-0-9797952-0-6

My Big Green Teacher: Saving Our Land and Waterways (Seven Generations From Now)

WRITTEN & ILLUSTRATED BY MICHELLE GLENNON

Join Mrs. Knoodle's class in a "Show and Tell" lesson. In this book, Mrs. Knoodle, and her magic red skirt, take the class on an adventure to learn about the American Indian culture. Go back in time with each classmate as they explore artifacts and discover how the American Indians worked in unison with nature and honored Mother Earth. They also learn about the American Indian's concept of seven generations. Once again, become a part of Mrs. Knoodle's class as they make learning about conservation fun and exciting. Includes the recycling pledge, fun activities and a special song about our land, rivers, mountains and streams.
